CHS SUNBASIN GROWERS

Creating connections to empower agriculture

PO Box 608
10555 Road O NW
Quincy, WA 98848

October 12, 2026

Dear CHS SunBasin Growers Patron,

CHS SunBasin Growers will be holding its annual meeting on **Thursday, November 12**, in conjunction with a grower education meeting. This meeting will provide a comprehensive look at the past fiscal year for CHS SunBasin Growers, as well as a chance to hear about plans for the coming year. You will also learn more about industry trends and 2026 growing season insights from local experts. Continuing education credits will be available for your pesticide applicator license as part of the grower education portion of the meeting.

The day will begin at 7:45 a.m. with a coffee reception followed by the annual meeting at 8 a.m., where management, your local producer board and other CHS leaders will recap fiscal year 2026 results, community investments and future plans. The day will also include a comprehensive grower education series with breakout sessions from industry experts and chemical company representatives in three focus areas: dry beans and vegetables; potatoes, onions and mint; and forage, corn and wheat. There will be an opportunity for producers to earn continuing education credits for their Washington State Department of Agriculture pesticide license. The meeting will include complimentary lunch for all attendees.

## CHS SunBasin Growers
## Annual Meeting and Grower Education

Thursday, November 12, 2026
7:45 a.m. – 3 p.m. with lunch provided
Big Bend Community College
ATEC Building
7662 Chanute St.
Moses Lake, Washington 98837

We look forward to visiting with you at the annual meeting and grower education event on November 12. This is a wonderful opportunity to connect with other growers while hearing the latest industry trends. I also look forward to thanking you personally for your support this past year. If you have questions prior to the meeting, please don't hesitate to reach out.

Sincerely,

Steve Kennedy
Producer Board Chair
